

the foundation of Blissymbolics is approximately three hundred simple line drawings

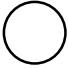

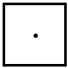

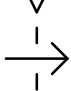

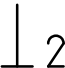

which combine to make thousands of meanings :

tree bush sun eye mouth house (or building) man woman roof

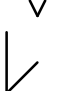

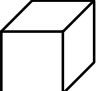

the blissymbols in the line above are

simple fundamental parts which you need memorize .

except roof .

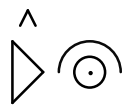

roof has 2 parts . the 2 dimensional box :

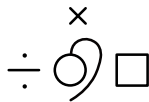

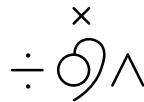

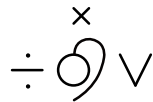

square symbol above the roof symbol

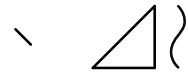

is called an indicator .

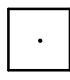

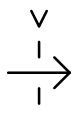

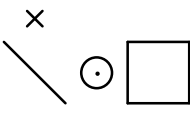

an indicator shows parts of speech like

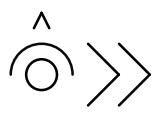

nouns, verbs and adjectives

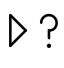

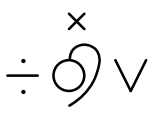

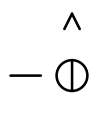

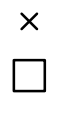

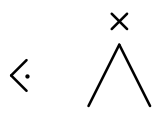

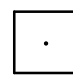

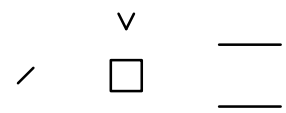

the verb indicator resembles a volcano

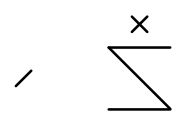

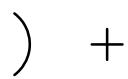

in simple drawings : action

the adjective indicator suggests an arrowhead pointing down from the mind

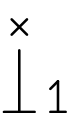

because adjectives are not things or actions in the physical world .

the blissymbols for (in exchange for) past and future represent

curved mirrors reflecting the past and the future .

these give us the past tense indicator

(
+ /
and the future tense indicator .

/ Σ ^ ^)
the blissymbol for (in exchange for) to give is made from 3 blissymbol parts :

^
