

cause and effect

          
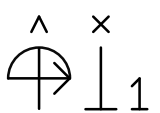

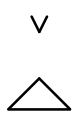

you can see they are shaped so one pushes into the other

     
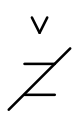

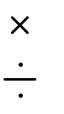

creation or nature man made item man made to make

     
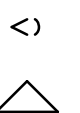

the short triangle for (in exchange for) man made suggests

      
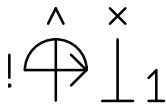

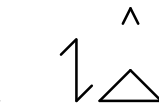

something less compared to the tall triangle for (in exchange for)

   
creation suggesting something more

     
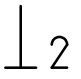

now let's see the blissymbol man made

    
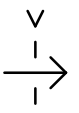

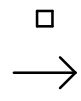

with different parts of speech

     
artifact to make made will make have made man made

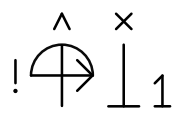

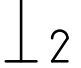

!   1
let's disassemble the blissymbol : let's .

!    +   
exclamation mark means more attention and when placed before

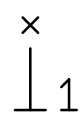

\       
a verb it is telling you to do that act .

   ,   +      
through is simple , an arrow and a line shows the meaning .

    
through the mind means allowance .

     !      :
so the first part of let's (let us) is telling you to allow :

!  .
! allow .

!   !   .
let's means ! allow us .

  +   
many of person and a 1 means

\vee
 \perp 1. \perp \times \perp 1 \leftarrow \times \perp 1 .
 first person pronoun we or us .

\square \square \square \square \square \square \cdot \cdot \cdot \cdot \cdot \cdot
 opening enclosure room door inside outside before after above below

\times \times \wedge \times
 \cdot Σ $\circ \rightarrow$ \perp .
 these blissymbols explain themselves .

\vee \wedge \times
 \oplus 1 \perp \cdot \perp .
 just memorize them .

\times \wedge \wedge $+$ \square 2 \div Σ \times
 \perp \cdot \vee \circ \perp \perp .
 they can combine with other blissymbol parts .

\heartsuit $+$ \square \wedge \heartsuit $+$ \vee \wedge \vee
 \heartsuit plus opening equals freedom plus adjective indicator equals free .

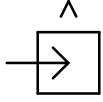

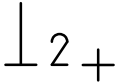

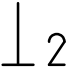

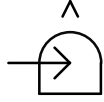

\heartsuit $+$ \square \wedge \heartsuit $+$ \wedge \wedge \heartsuit
 \heartsuit plus enclosure equals oppression plus verb indicator equals to oppress .

\square $+$ \square \wedge \square \vee
 \rightarrow and \rightarrow \oplus \rightarrow ,
 enter and exit are obvious ,

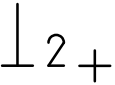

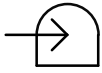

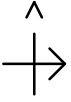

\perp \vee \wedge \vee \vee
 \perp \rightarrow \oplus \heartsuit \uparrow \circ ? \oplus ?
 but obvious is not . humorous ? maybe .

      .

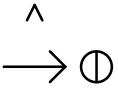

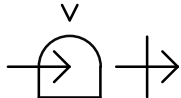

knowledge equals mind with a foundation .

,,      ,   .

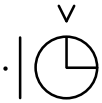

when something enters your knowledge , you understand .

,,      ,

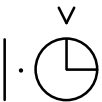

when your understanding penetrates something ,

   .

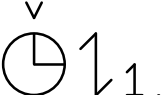

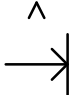

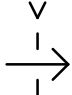

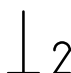

it becomes obvious .

    .

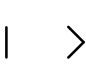

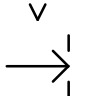

before time equals early .

    .

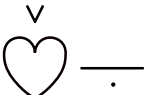

after time equals late .

          .

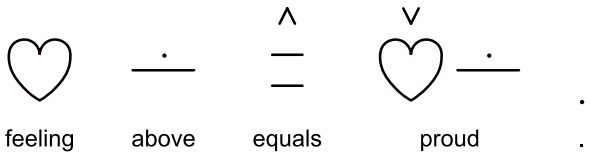

I finally arrive at the easy stuff after scaring you .

    .  .

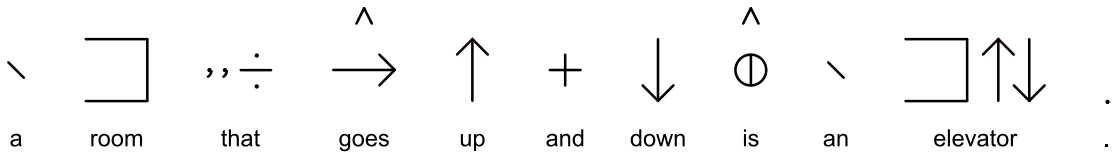

away with the hard . Sorry .

    .

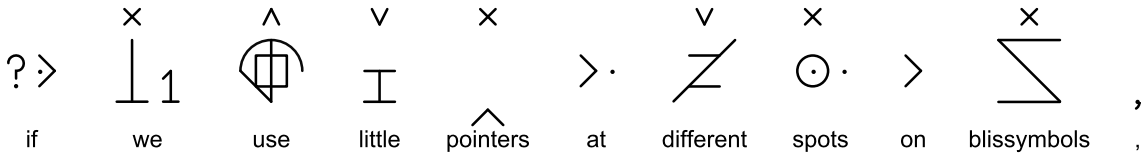

feeling below equals humble .

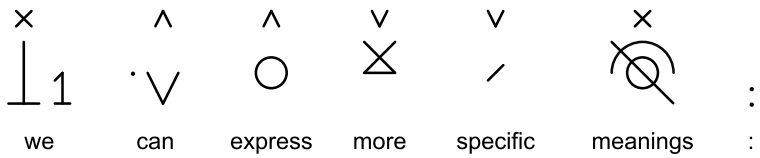

feeling above equals proud .

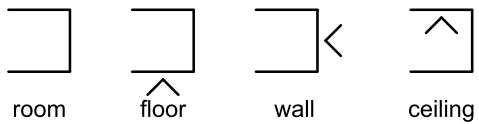

a room that goes up and down is an elevator .

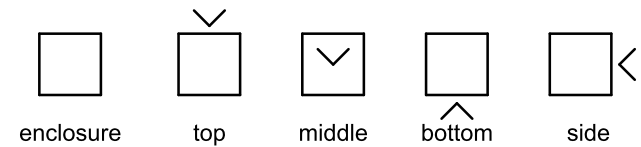

if we use little pointers at different spots on blissymbols ,

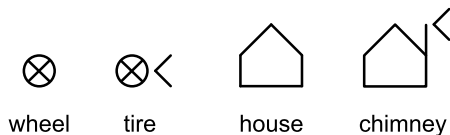

we can express more specific meanings :

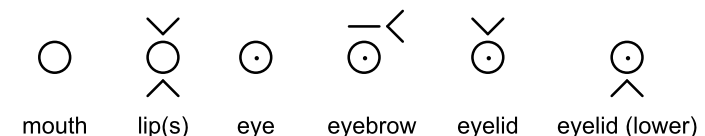

room floor wall ceiling

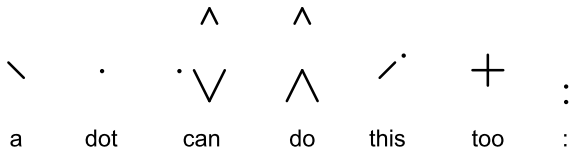

enclosure top middle bottom side

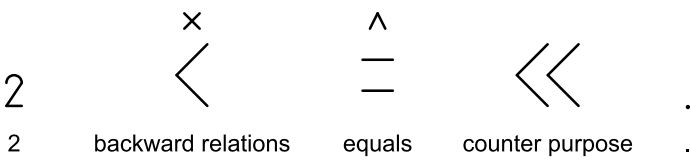

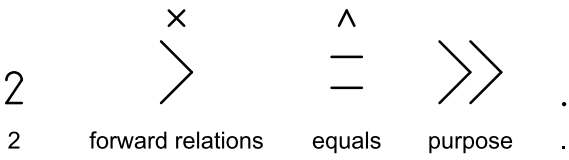

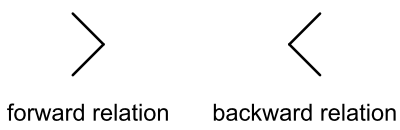

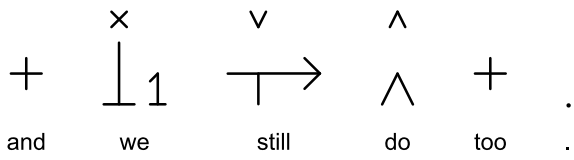

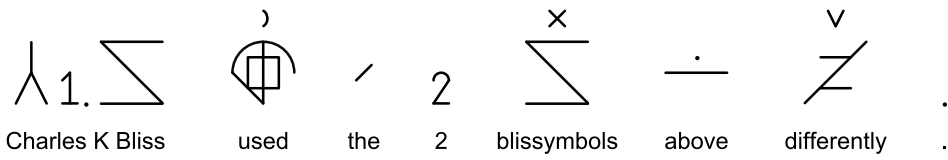

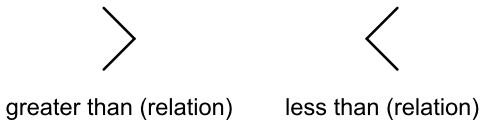

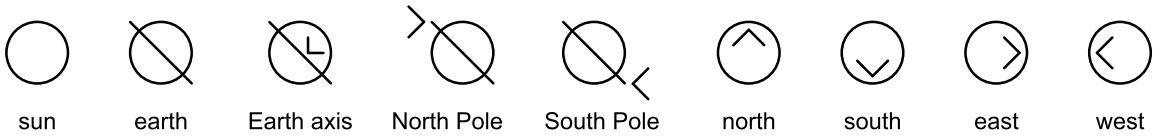

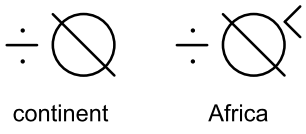

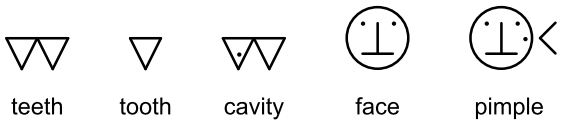

wheel tire house chimney

mouth lip(s) eye eyebrow eyelid eyelid (lower)

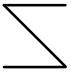

a dot can do this too :

 feeling plus counter purpose equals anger

 small purpose blissymbol means for something

 mouth plus verb indicator equals to speak

 to speak mind equals opinion

 to speak for equals to support

 2 swords crossed equals war

v

v

evaluation after indicator evaluation before indicator

 these are adjectives where something did happen

 or will happen
