

Blissymbolics is a kind of visual alphabet made from

simple line drawings of natural things .

natural spoken languages are made from a small number

of parts which are sounds of speech .

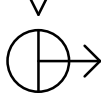

these sounds of speech are represented by the letters of alphabets .

because you grew up being taught written language using an alphabet ,

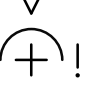

reading words using an alphabet is easy .

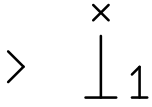

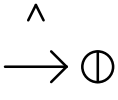

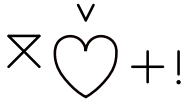

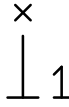

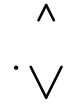

Blissymbolics may seem difficult to you .

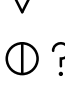

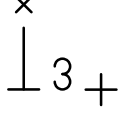

at the beginning , probably .

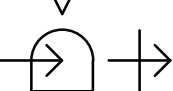

?▷   +   \   ?  
why use precious time learning a new language ?

  ?  
self improvement ?

  .  
good reason (purpose) .

 >    /    .  
all of us wish to become the best we can .

  /    ? >>   .  
parents want the best education possible for their children .

 ,   /  >  .  
obviously , reading is the foundation of education .

     +   ,  
Blissymbolics helps language impaired children and adults communicate ,

„  . |  ,  
when before Blissymbolics ,

   <  -!!    ? .  
often very little or No communication was possible .
